Dear Dr. Yamini:

Congratulations! You have been recognized as one of **America's Most Compassionate Doctors**.

Treating patients, not just the disease, is what you excel at, and your patients appreciate the kindness you have dispensed along with your medical care.

This award is based on reviews written by hundreds of thousands of patients. While physicians generally receive positive feedback from their patients, only a select few receive praise about the compassion that accompanied their care. In fact, of the nation's 720,000 active physicians, less than 3% were accorded this honor by their patients in 2010.

The **Compassionate Doctor** notation will be prominently displayed in your Physician Profile on a broad collection of web sites, including *Vitals*, *UCompare HealthCare*, *Right Health*, *Google*, and a variety of Managed Care sites. These websites are viewed by more than 9 million people on a monthly basis.

The **Compassionate Doctor** certification is part of Patients' Choice recognition program, where patients rate and vote for their favorite doctors.

Congratulations once again on this outstanding distinction.

Sincerely,

Erika Boyer
