

**Daniel Yamini, MD, FACS**  
**Steven Svehlak, MD, FACS**  
 Sunset Cosmetic Surgery  
 Los Angeles, California

**STEVEN SVEHLAK, MD, FACS**  
 Dr. Svehlak performed a Mommy Makeover on this 41-year-old mom who felt overly top-heavy, using a breast reduction, a tummy tuck (abdominoplasty), an abdomen scar revision from her c-section and liposuction.

**DANIEL YAMINI, MD, FACS**  
 Dr. Yamini performed a breast reduction on this 54-year-old mom who felt overwhelmed by her breast size. She now enjoys that she can wear smaller, more figure-flattering clothing.

“we love helping our patients feel good about how they look”

#### ABOUT DR. YAMINI AND DR. SVEHLAK

##### WHAT ARE THE KEYS TO A SUCCESSFUL SURGERY?

The keys to success for the best possible surgical result begin with an in-depth consultation with a qualified, board-certified surgeon. Following medical advice, both before and after surgery, is important for optimal healing.

##### WHAT IS YOUR ULTIMATE GOAL WHEN TREATING PATIENTS?

Our goal is to help each patient make a change in their life so they feel more comfortable and confident in themselves.

##### WHAT ARE YOUR TOP PRIORITIES?

We each focus on patient safety, comfort and satisfaction. Safety is always number one. Aesthetically, we both feel that good plastic surgery entails an eye for detail and balance, as well as restraint, so that the results look beautiful and natural—not “done.”

#### Lose years in 30 minutes

Between their afternoon surgical consultation appointments, the surgeons at Sunset Cosmetic Surgery do hundreds of injectable treatments each month to help patients look fresher and younger, quickly and without surgery. From Botox and Dysport®, to Juvéderm® and Radiesse®, a customized injectable plan is used for each patient to gently turn back the hands of time, define lips or add volume to certain areas of the face. The “liquid facelift” has become a popular request and uses a combination of Botox to relax certain wrinkle-causing facial muscles, and dermal fillers to subtly enhance cheeks or lips and fill-in wrinkles or under-eye hollows. The result? A natural-looking, more youthful appearance in about 30 minutes. Due to the volume of injectable procedures they perform, Sunset Cosmetic Surgery has achieved Black Diamond level status [top 1 percent of injecting practices nationwide] with Allergan.
