

DR. DAN YAMINI

Beverly Hills
Physicians

Dr. Dan Yamini's journey to becoming one of Southern California's most respected plastic surgeons is a testament to perseverance, passion, and an unwavering commitment to patient care. Born to a family of immigrants who fled the 1979 Iranian Revolution, Dr. Yamini grew up in Westlake Village, where he excelled academically. Graduating as the valedictorian of Westlake High School in 1986, he went on to study biology and psychology at Stanford University before pursuing his medical degree.

During his training, Dr. Yamini discovered a deep passion for surgery, leading him to complete six years of general surgical training at UCLA, followed by two years of plastic surgery specialization in Michigan and an advanced cosmetic fellowship in Los Angeles. Since establishing his practice in Southern California in 2002, he has built a stellar reputation as a trusted and highly skilled plastic surgeon. As a senior surgeon at Beverly Hills Physicians (BHP), with locations in Thousand Oaks, Encino, and Beverly Hills, Dr. Yamini specializes in aesthetic procedures, particularly "mommy makeovers" and body contouring surgeries.

Dr. Yamini attributes his success to his steadfast dedication to professionalism and excellence. He believes that prioritizing

patient safety, satisfaction, and transparency sets him apart in an industry often driven by financial incentives. His philosophy is rooted in integrity—always placing patients' needs first and ensuring they receive the highest level of care. Despite the challenges inherent in the field of plastic surgery, Dr. Yamini stays motivated by his genuine passion for helping patients feel confident in their own skin. His approach to leadership fosters a culture of trust and excellence among his team, ensuring that every patient experience is exceptional.

Beyond his professional achievements, Dr. Yamini is deeply committed to giving back. Inspired by the heroism of first responders after 9/11, he has continuously supported them, as well as schoolteachers, by offering discounted services as a token of appreciation. A devoted husband and father, Dr. Yamini cherishes his time with his wife, Hailey, and their young son, Jacob. He credits his father as his greatest mentor, instilling in him the values of hard work, resilience, and family devotion. As he looks to the future, Dr. Yamini hopes to leave a legacy of compassion, integrity, and excellence—both as a surgeon and as a father. **15630 Ventura Blvd. Encino** contactus@bhdocs.com beverlyhillsphysicians.com
