WHAT ARE THE FACILITIES LIKE AT SUNSET COSMETIC SURGERY?

Our practice is located within 14 miles of both the Los Angeles International (LAX) and Burbank (BUR) airports. Surgical procedures take place in one of several state-of-the-art surgery centers located in our building.

HOW SHOULD A PATIENT COMING FROM OUT OF TOWN TIME THEIR TRAVEL?

The length of your stay depends on your planned procedures. Many patients who undergo facial or breast procedures are allowed to travel roughly 7-10 days following their surgery. For patients who have body contouring, those with small liposuction cases can often travel in a few days, while tummy tuck patients are typically asked to stay in town a bit longer.

HOW SHOULD A PATIENT GET STARTED?

A phone call will put you in touch with one of our qualified staff members, who will help facilitate your consultation and surgical plan and help guide you through the process. All of our new patient forms can be downloaded through our website, which is listed below.
